AMENDMENT

Dear Commissioner:

In connection with the above-identified U.S. Patent, Applicant notes that when the above noted application was filed on November 14, 2001, reference to the U.S. Provisional Serial No. 60/248,225 was correctly identified in the Declaration. Applicant respectfully notes that it would appear that the United States Patent Office missed referencing the priority claim on the face of the issued Patent, and as such, Applicant respectfully requests a Certificate of Correction to be issued on the above noted Patent, indicating that the priority date should be based upon United States Provisional Patent Application Serial No. 60/248,225 (filed on November 15, 2000).

As Applicant believes that this is not the fault of the Applicant, as the United States Patent Office missed referencing the priority claim on the face of the Patent, that no fee

certificate of correction has been acknowledged by examiner in entry of final documentation 8/23/06

Patent No. 6,980,661
Certificate of Correction

should be paid by the Applicant. We would appreciate the Office acknowledging this request and providing the Applicant with a Certificate of Correction indicating the proper priority date.

Respectfully submitted,

GODFREY ET AL.
